## **PAPATUANUKU INTEGRATED CURRICULUM SOCIAL ACTION INFORMATION FOR PARENTS**

The students of Rooms One, Two, Three, Four and Five are learning about *Living Landscapes*. As the social action from this study, we are working with the EnviroSchools Group to develop the western boundary of the playground from the flying fox to Pages Road. Our goal is to make this area exciting and fun to play in.

Our task will include:

- researching possible playground equipment (made from recycled materials where possible)
- selecting the most appropriate ideas for our place
- developing a plan/vision map
- submitting a proposal to Mrs Brosnahan-Pye and the Board of Trustees
- asking our school community and local businesses to support our plan and planning, and running a fair to raise money to pay for our ideas.

We could be asking for your help with this learning and thank you for your support.
